Please note that any given lead times are just an estimate. Since all orders are processed in the order that they are received it is impossible to know exactly when your order will be completed. We do our very best at the time you place your order to be as accurate as possible with the estimated lead times. However the estimates are solely based on the rate that current orders are being processed, and will not factor in the orders that are in front of yours, that can speed up or slow down the process. Once your order is inline you will not hear from us until we start your project. As a courtesy we will email you once we start and that email will have a estimated time to completion. If you have any questions or changes please contact us before we start your project.

All orders not currently in stock require a 50% deposit, and balance due upon completion. In case payment is not made as specified in terms of payment, we reserve the right to cancel the order and charge up to a 40% re-stocking fee. All cancelled orders are subject to a 10% cancellation fee, and any custom orders already in production are subject to a 50% restocking fee (restocking fees will only apply to orders once we have begun fabrication). There are no refunds or cancellations on completed products or completed orders. There is a \$25.00 fee for any returned checks. All payments must be paid in full before an item will be shipped and/or leave our facility. Lone Star Grillz takes every precaution to insure that your order arrives undamaged. It is the customer's responsibility to inspect the shipment upon arrival and note any damages with the carrier immediately. If damages appear beyond repair the shipment needs to be refused and sent back to Lone Star Grillz.

PLEASE SEE WEBSITE FOR CURRENT ESTIMATED  
LEAD TIMES!!!
